

## EXPERIENCE OF A LIFETIME

New school, new friends, new fun, new studies, and new freedom all contribute to making the college journey one that you will never forget. All of these new experiences constitute formative years for you. You will have a myriad of decisions to make about life, dating, marriage, job, and your beliefs.

The campus student group, Purdue Bible Fellowship (PBF), has a passion to facilitate your journey through this amazing adventure. The journey begins with the opportunity to make significant friendships. And, in those relational contexts, we provide for a free exchange of ideas to learn and grow. Your development on the journey is guided by those who have walked the path before you. The bottom line is that in the context of meaningful relationships, we strive to offer God's compelling answers by which to have an abundant life. We also just have a lot of fun together!

## OUR GOAL

Facilitating your journey through college by connecting you to meaningful relationships as you discover compelling life answers that serve you the rest of your life.

## OUR HEART

**REAL PURPOSE** - Loving God and others as our fulfilling way of life

God, the Creator of the heavens and earth, designed us to live in a close relationship with Him. Joy and satisfaction in life come through following the Creator's ways which are summed up in two commands--love God and love others.

**REAL ANSWERS** - The Bible as our superior source of truth

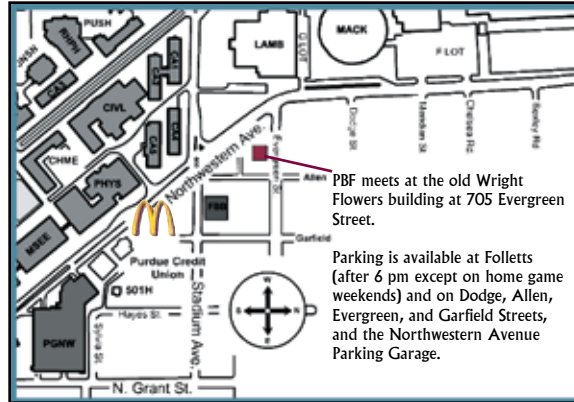

As the written words of the Creator God, the Bible presents a radically alternate view of reality and truth. Therefore, the Bible, properly understood, provides all the sufficient and satisfying answers for living life now.

**REAL RELATIONSHIPS** - Local churches as our communities for growth

The Creator God made us all to live in relationships with each other. Therefore, God has provided a way for many diverse people to encourage and support each other and the world community through the local church.
